Outsourced Software Licensing

Ensuring that you comply with your software licensing agreements can be incredibly time-consuming and challenging. Outsourcing your software licensing reduces your risks, saves you time and money.

We can unlock the most effective and flexible way of licensing your business software, ensuring that you remain compliant and that you are only licensing software that you actually use. By outsourcing, we will take the complexity out of your software licensing, as well as save you time and money.

By outsourcing your software licensing, we will save you money, help you avoid costly mistakes and help ensure that you have the right software to meet your business needs.

We have a great deal of experience making sure our customers have the most efficient and effective software licensing for their particular needs. We can use that experience to help you, especially when it comes to cloud and hybrid software deployments.

Outsourced Software Licensing **Benefits**

Uncovering the most cost-effective and flexible way to license your current software.

Irrespective of whether you run your software on-premise or in the cloud, we can ensure that you enjoy the most cost-effective and flexible way of licensing that software.

Helping ensure that you are only paying for the software that you actually use.

We can help you tighten up your controls to ensure that you are only paying for the software that you are actually using as a business. All too often we find organisations continuing to pay for software that they no longer use.

Helping ensure that you are only paying for the software that you actually use.

We can help you tighten up your controls to ensure that you are only paying for the software that you are actually using as a business. All too often we find organisations continuing to pay for software that they no longer use.

Save you and your colleagues enormous time and effort managing your software.

By outsourcing your software licensing, you will have a single point of contact for all of your software licenses. You and your team don't need to waste precious time trying to find an elusive license, that may have been emailed, or may be on a printed number filed in an obscure file.

Outsource your software licensing for added **peace of mind**.

Our friendly team are on hand to help you remain compliant and worry-free.

Discuss your Outsourced Software Licensing needs by calling us on **+44 203 034 2244** or **+1 323 984 8908**, or emailing **hello@cardonet.com**
